DENTON, Texas-(BUSINESS WIRE)—Sally Beauty Holdings, Inc. (NYSE: SBH) (the "Company") today announced financial results for the fiscal 2015 third quarter. The Company will hold a conference call today at 10:00 a.m. (Central) to discuss these results and its business.

"We are disappointed in the Q3 results for our Sally business, but not discouraged," stated President & CEO Christian Brickman. "It is taking longer than we expected for traffic from the non-Beauty Club Card customer to recover, but we still have great confidence that we are moving in the right direction. Over the next several quarters, we expect continued progression in our consolidated Sally same store sales back to historical trend levels of 3% to 4% as we plan to complete the execution of our planned initiatives and our customers have the chance to experience these changes in our stores.

"As we enter Q4, we believe the disruption caused by the recent data security incident is now behind us. We intend to further enhance our systems and culture to ensure the security of our networks and customer data, and our Sally team continues to be laser focused on driving sales progression. To deliver on this objective, we will invest in national TV for the Sally brand through our sponsorship of Project Runway® which will begin to air early August. We expect to complete the reset of our cash-wrap area, upgrade our channel leading eyelash studio, and significantly improve the look and shopability of the cosmetics section in the stores. Finally, we plan to continue our store refresh program and refine our recently launched CRM model," Brickman added.

"Looking forward to fiscal 2016, we now expect that Sally Beauty segment same store sales will continue to improve sequentially and reach historical growth levels of 3% to 4% in the back half of next year. On the expense side, we anticipate significant labor and rental cost inflation to affect our business as we compete for talent and real estate with other retailers. We plan to offset the bulk of these increases through cost reductions and tactical pricing measures. However, we now believe that this cost inflation will be a moderate drag on operating earnings growth for next year."

#### FISCAL 2015 THIRD OUARTER FINANCIAL HIGHLIGHTS

**Net Sales:** For the fiscal 2015 third quarter, consolidated net sales were \$967.9 million, an increase of 2.0% from the fiscal 2014 third quarter. The fiscal 2015 third quarter sales increase is attributed to same store sales growth and the addition of new stores. The unfavorable impact from changes in foreign currency exchange rates in the fiscal 2015 third quarter was \$26.2 million, or 2.8% of sales. Consolidated same store sales growth in the fiscal 2015 third quarter was 3.1% versus 2.1% in the prior year quarter. Consolidated same store sales for fiscal 2015 are now expected to be in the range of 2.5% to 3.0% versus previous expectations of consolidated same store sales growth of slightly above 3%.

Gross Profit: Consolidated gross profit for the fiscal 2015 third quarter was \$481.3 million, an increase of 1.2% over gross profit of \$475.7 million for the fiscal 2014 third quarter. Gross profit as a percentage of sales was 49.7%, a 40 basis point decline from the fiscal 2014 third quarter. Consolidated gross profit margin for fiscal year 2015 is now expected to be flat when compared to fiscal year 2014 consolidated gross profit margin of 49.6%. This differs from previous expectations of fiscal year 2015 consolidated gross profit margin expansion of 20 to 30 basis points over the prior year.

Selling, General and Administrative Expenses: For the fiscal 2015 third quarter, GAAP consolidated selling, general and administrative (SG&A) expenses, including unallocated corporate expenses and share-based compensation, were \$327.9 million, or 33.9% of sales, a 10 basis point increase from the fiscal 2014 third quarter GAAP metric of 33.8% of sales and total SG&A expenses of \$320.7 million.

Excluding the pre-tax charges from the 2014 and 2015 data security incidents of \$3.2 million as well as charges for a restructuring of the Sally Germany business of \$1.1 million, adjusted SG&A expenses in the fiscal 2015 third quarter were \$323.5 million or 33.4% of sales. This represented a 10 basis point increase from fiscal 2014 third quarter adjusted metric of 33.3% of sales and total adjusted SG&A expenses of \$316.4 million.

Fiscal 2015 third quarter GAAP SG&A expenses increased 2.2% or \$7.1 million, primarily due to expenses associated with the opening of new stores, higher expenses related to on-going upgrades to our information technology systems, higher advertising costs in the Sally Beauty Supply segment, charges related to the data security incidents and a charge for the restructuring of the Sally Germany business, which included store closures.

Note: SG&A expenses include unallocated corporate expenses, as detailed in the Company's segment information on schedule B.

Interest Expense: Interest expense for the fiscal 2015 third quarter was \$29.2 million, slightly down from the fiscal 2014 third quarter of \$29.3 million.

**Provision for Income Taxes:** Income taxes were \$39.2 million for the fiscal 2015 third quarter versus \$37.9 million in the fiscal 2014 third quarter. The Company's effective tax rate in the fiscal 2015 third quarter was 38.5% versus 35.9% in the fiscal 2014 third quarter. The lower effective tax rate for the three months ended June 30, 2014, when compared to the three months ended June 30, 2015, was primarily due to the reduction of uncertain tax position reserves during the fiscal 2014 third quarter.

**Net Earnings and Diluted Net Earnings per Share (EPS)**: For the fiscal 2015 third quarter, GAAP net earnings were down 7.8% to \$62.5 million, or \$0.39 diluted earnings per share, from net earnings of \$67.8 million, or \$0.42 diluted earnings per share in the year ago quarter.

Adjusted net earnings for the fiscal 2015 third quarter were down 7.4% to \$65.2 million or \$0.41 diluted earnings per share when compared to fiscal 2014 adjusted net earnings of \$70.4 million or \$0.43 diluted earnings per share. Adjusted net earnings for the fiscal 2015 third quarter excludes \$2.0 million, net of tax, related to the data security incidents and \$0.7 million, net of tax, for charges related to the restructuring of the Sally Germany business.

Adjusted (Non-GAAP) EBITDA<sup>(1)</sup>: Adjusted EBITDA for the fiscal 2015 third quarter was \$160.6 million, a decrease of 1.1% from \$162.4 million for the fiscal 2014 third quarter.

Financial Position, Capital Expenditures and Working Capital: Cash and cash equivalents as of June 30, 2015, were \$239.0 million. The Company's asset-based loan (ABL) revolving credit facility ended the fiscal 2015 third quarter with no outstanding borrowings. The Company's debt, excluding capital leases, totaled \$1.8 billion as of June 30, 2015.

For fiscal 2015 year-to-date, the Company's capital expenditures totaled \$72.1 million. Capital expenditures for the fiscal year 2015 are projected to be in the previously stated range of \$95 million to \$100 million, excluding acquisitions.

Working capital (current assets less current liabilities) increased \$179.0 million to \$819.6 million at June 30, 2015 compared to \$640.6 million at September 30, 2014. Borrowing capacity on the ABL facility was approximately \$476.9 million at the end of the fiscal 2015 third quarter. The ratio of current assets to current liabilities was 2.79 to 1.00 at June 30, 2015 compared to 2.38 to 1.00 at September 30, 2014.

Inventory as of June 30, 2015 was \$874.5 million, an increase of \$34.7 million or growth of 4.1% from June 30, 2014 inventory. This increase is primarily due to sales growth from existing stores, additional inventory from new store openings, and the addition of new brands at the Beauty Systems Group segment.

During the period of April 1, 2015 through June 30, 2015, the Company repurchased (and subsequently retired) 219 thousand shares of its common stock at an aggregate cost of \$6.8 million under the repurchase authorization announced on August 20, 2014. The Board of Directors remains committed to deploying excess cash flow, after investments to grow the business, in the form of stock repurchases.

## **Business Segment Results:**

#### **Sally Beauty Supply**

#### Fiscal 2015 Third Quarter Results for Sally Beauty Supply

- Sales of \$588.6 million, up 0.7% from \$584.5 million in the fiscal 2014 third quarter. Sales growth was from net new store openings and same store sales growth. The unfavorable impact of foreign currency exchange on sales was \$22.0 million, or 3.8%.
- Same store sales growth of 2.0% versus growth of 1.8% in the fiscal 2014 third quarter.
- Gross margin of 54.9%, a 50 basis point decline from 55.4% in the fiscal 2014 third guarter.
- Segment earnings of \$107.3 million, down 6.5% from \$114.8 million in the fiscal 2014 third quarter.
- Segment operating margin was 18.2%, down 140 basis points when compared to the fiscal 2014 third quarter.
- Net store count increased by 135 over the fiscal 2014 third quarter for total store count of 3,655.

Sales growth in the fiscal 2015 third quarter was driven by new store openings and same store sales; this growth was largely offset by the unfavorable impact of foreign currency exchange. Gross profit margin declined by 50 basis points primarily due to strong promotional activity in the U.S. in the fiscal 2015 third quarter compared to the positive margin impact of vendor allowances directly linked to promotional activity in the prior year quarter. Segment operating earnings and margin were unfavorably impacted by lower gross margin and higher SG&A expenses associated with new store openings, higher advertising costs and higher depreciation.

The restructuring of Sally Beauty Supply operations in Germany will include the closing of 16 underperforming retail stores and two supporting administrative offices and is designed to increase the profitability of certain of the Company's German operations. The Company will continue to operate 17 retail stores in Germany after the completion of the restructuring, which the Company expects to complete by September 30, 2015. The Company expects to incur estimated pre-tax charges of approximately \$7.0 million by the end of fiscal year 2015, of which \$1.1 million were incurred in the fiscal 2015 third quarter.

- Total BSG distributor sales consultants at the end of the fiscal 2015 third quarter were 952 versus 980 at the end of the fiscal 2014 third quarter.

Sales growth for the Beauty Systems Group was primarily driven by growth in same store sales and new store openings; this growth was partially offset by the unfavorable impact of foreign currency exchange.
